Re: Q06N-4Q-C 09106352
 Class Action
 Washington, DC 20260-4100

Dear Mr. Rolando:

On several occasions our representatives met in prearbitration discussion on the above-captioned grievance. Time limits were extended by mutual consent.

The issue concerns application of the settlement for case number Q98N-4Q-C 01045570, et al. After reviewing this matter, we mutually agree that no national interpretive issue is presented in this case. However, we have agreed to provide the following clarification:

The parties agreed in case Q98N-4Q-C 01045570 that, with respect to presequenced addressed mailings only, city letter carriers on park and loop or foot delivery routes may, within weight restrictions, be required to carry as a third bundle Enhanced Carrier Route (ECR) and Periodicals walk sequenced letter or flat mailings (WSS) based on either the 90% or more coverage of the total active residential deliveries on a route or 75% or more coverage of the total number of active deliveries on a route criteria.

Each presequenced addressed mailing for a particular route that meets this criteria is identified with a label/indicia containing the ECRWSS endorsement. This label/indicia remains the determining factor of whether a presequenced addressed mailing on a particular route meets the above referenced criteria required to assign a city letter carrier on a park and loop or foot route to carry it as a third bundle within weight restrictions. Accordingly, if a presequenced addressed mailing for a particular route is identified with a different label/indicia (e.g. ECRWSH or ECRLOT), the bundle would not meet the subject criteria.

Any grievance held for this case will, as appropriate, either be resolved or remanded to the step of the grievance procedure where the case(s) was held and processed consistent with the above understanding in accordance with Article 15 of the National Agreement.

Please sign and return the enclosed copy of this decision as acknowledgment of your agreement to resolve this case.
